

Evolution vs. God

p3 2021

Millions believe that Darwinian evolution is a scientific fact. Ray goes to college campus shows it is unscientific, by interviewing evolutionary scientists from UCLA and USC, as well as biology majors. Ray asks "I want to understand evolution – I've got one question"

No one could answer his question.

Then he gives the facts that there is a Creator.

Note: "Do not give them the question he asks. Just say with a big smile 'you will have watch the movie' you'll find the teaches answers interesting too"

Isn't Evolution Amazing?

PTS: When you are out in nature, and you see a bird or a rainbow. Like a humming bird,

You say: "I wonder how many times that humming bird fall down to the ground before he learned to hover in place. But if he broke his wing then hummm will isn't evolution amazing." "It is thing like this is why I say "I do not have enough faith to be an evolutionist or an atheist" "Their has to be an intelligent designer behind all of this"

"What do you think?" then tell them about the video and hand the card.

Medical (this is in additional to #3 on 4 basic PTS)

PTS: To the medical assistant "You had all this training isn't the body amazing. At this time in life have you made a decision, did you come from a or are a result of Random Chance or you a result of a Master Designer. "You'll be very interested in viewing this short movie" Hand her the card.
